Solid and Vented Shelves

Specifications

Construction — 18-gauge steel

Capacity — 35 lb. (15.9 kg)

Size — Outside measurements: 5.2"H x 19"W x 12"D (13.2 x 48.3 x 30.5 cm); Inside measurements: 4.84"H x 17"W x 12"D (12.3 x 43.2 x 30.5 cm)

Weight — 4 lb. (1.8 kg)

Description

These shelves are a convenient way to organize and protect switches, modems, modem eliminators, and other equipment. The shelves are made of tough, 18-gauge steel with a black powder-coat finish and are made to fit into a standard 19" equipment rack.

The RM001 is solid (non-vented). The RM002 has a vented shelf base for additional circulation cooling.
